The KC Women’s Bike Summit is a venue for women of all ages and backgrounds to come together to celebrate bicycling, discuss issues that are relevant and important to women on bikes, and provide hands-on opportunities for women to become more confident.

We seek to encourage more women and girls to participate in their communities as riders and leaders, and help close the gender gap in cycling by supporting momentum of more women on bikes to Kansas City.

We anticipate 100+ women will join in our 4th Women’s Bike Summit, and invite you join us as a sponsor of this year’s event. Your support will demonstrate your organization’s commitment to making Kansas City a better place for women and girls to pursue active lifestyles, and in turn a better place to live, work, and play.
